

# Boy Girl Online 2.0

## *Game Rules*

### **Overview**

Boy Girl Online is a fast-paced multiplayer word game inspired by the classic paper game. Players race to select answers across different categories, all starting with the same randomly chosen letter. Quick thinking and unique answers are rewarded!

### **How to Play**

1. Create a room or join using a 6-character code or invite link
2. Wait for all players to join the lobby
3. The host starts the game when everyone is ready
4. Each round, a random letter is revealed
5. Select one answer per category that starts with that letter
6. Submit before the 60-second timer runs out!

### **Categories**

Each round features 7 categories:

- Boy: Male first names
- Girl: Female first names
- Animal: Any animal species
- Place: Cities, countries, or locations
- Thing: Objects or items
- Food: Any food or drink
- Car: Car brands or models

### **Game Structure**

- Each game consists of 5 rounds
- Each round has a 60-second time limit
- A new random letter is chosen each round
- The STOP button can end a round early (once per player per game)
- The host can also end rounds manually at any time

### **Scoring System**

Points are awarded based on answer uniqueness:

## CORRECT ANSWERS:

- +100 points - Unique correct answer (only you chose it)
- +50 points - Two players chose the same correct answer
- +25 points - Three or more players chose the same correct answer

## WRONG ANSWERS:

- 25 points - Wrong answer (only you chose it)
- 50 points - Wrong answer shared with others

Strategy tip: Picking unique, less obvious answers can earn you more points!

## **Tips for Success**

- Think outside the box for unique answers
- Don't leave categories empty - even common answers earn some points
- Use the STOP button strategically when you've completed all categories
- Watch the timer and prioritize filling all categories first
